How does Move Free work?

Move Free Ultra® Triple Action promotes joint, cartilage and bone health in just one tiny pill a day for greater freedom of movement*:

Type II Collagen:

Helps preserve and maintain **cartilage** using the same protein found in healthy cartilage. This unique ingredient works with your immune system to help preserve cartilage.*

Hyaluronic Acid (HA):

Hyaluronic Acid is the same molecule found naturally in healthy joint fluid that supports **joint** lubrication and smooth movement. As we get older, our levels of HA tend to decrease.*

Boron:

Helps support healthy **bones** by maintaining healthy levels of Vitamin D, Calcium and Magnesium. Because joints receive their essential nutrients through their adjoining bones, healthy bones are key for healthy joints.*

*** THESE STATEMENTS HAVE NOT BEEN EVALUATED BY THE FOOD AND DRUG ADMINISTRATION. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE OR PREVENT ANY DISEASE.**
