

Best Hyaluronic Acid with Chondroitin Sulfate contains patented BioCell Collagen™ BioCell Collagen is sourced from chicken sternal cartilage and provides bioavailable, low molecular weight hyaluronic acid. It is standardized to contain no less than (NLT) 10% Hyaluronic Acid, 20% Chondroitin Sulfate, and 60% Collagen Type II.

Hyaluronic Acid and Collagen are vital structural components of skin that decline as we age, and are partly responsible for the skin's moisture, suppleness and elasticity. BioCell Collagen contains key components that can help support healthy skin and joint function.*

BioCell Collagen™ is a trademark of BioCell Technology, LLC Newport Beach, California USA (protected by US and international patents)
