The pairing of Fish Oil with Coenzyme Q-10 is a heart's best friend.* EPA and DHA from Fish Oil are both known for their ability to support heart, circulatory, and metabolic health, the body's biochemical process that helps maintain its normal functioning.* To maintain cardiovascular wellness, it is important to support metabolic activity.* Coenzyme Q-10 supports the physiologic function of the heart, promoting healthy circulation.*

WARNING: If you are pregnant, nursing, taking any medications, including blood thinners, planning any medical or surgical procedure or have any medical condition, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur. Keep out of reach of children. Store at room temperature. Do not use if seal under cap is broken or missing.
