NEPRINOL is a proprietary combination of nattokinase, serrapeptase, rutin, amla and other proteolytic enzymes specially formulated to assist and defend your body from the damaging effects of fibrin. As fibrin builds up in our bodies, it may cause many unhealthy conditions. \*NEPRINOL can help keep fibrin and its harmful effects under control. NEPRINOL can be used with other dietary supplements.

**SUGGESTED USE:** Take 1 to 4 capsules with 8 oz. of water between meals or as directed by your healthcare practitioner.
