

BARCODE

Directions: Take one capsule with or after each meal or as directed by your healthcare practitioner.

PanXyme pH™ is a proprietary blend of Aspergillus derived enzymes used to aid in the digestion and assimilation of nutrients from food. It contains protease to improve protein digestion, lipase to aid fat digestion and a multi-enzyme blend to improve digestion of carbohydrates.

Clinical trials have proven the superiority of **PanXyme pH™** over plant and animal-derived enzymes. It has shown optimal activity and efficacy across a broad spectrum of pH ranges. This means that unlike many enzyme supplements, it is not denatured by the presence of small amounts of stomach acid.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

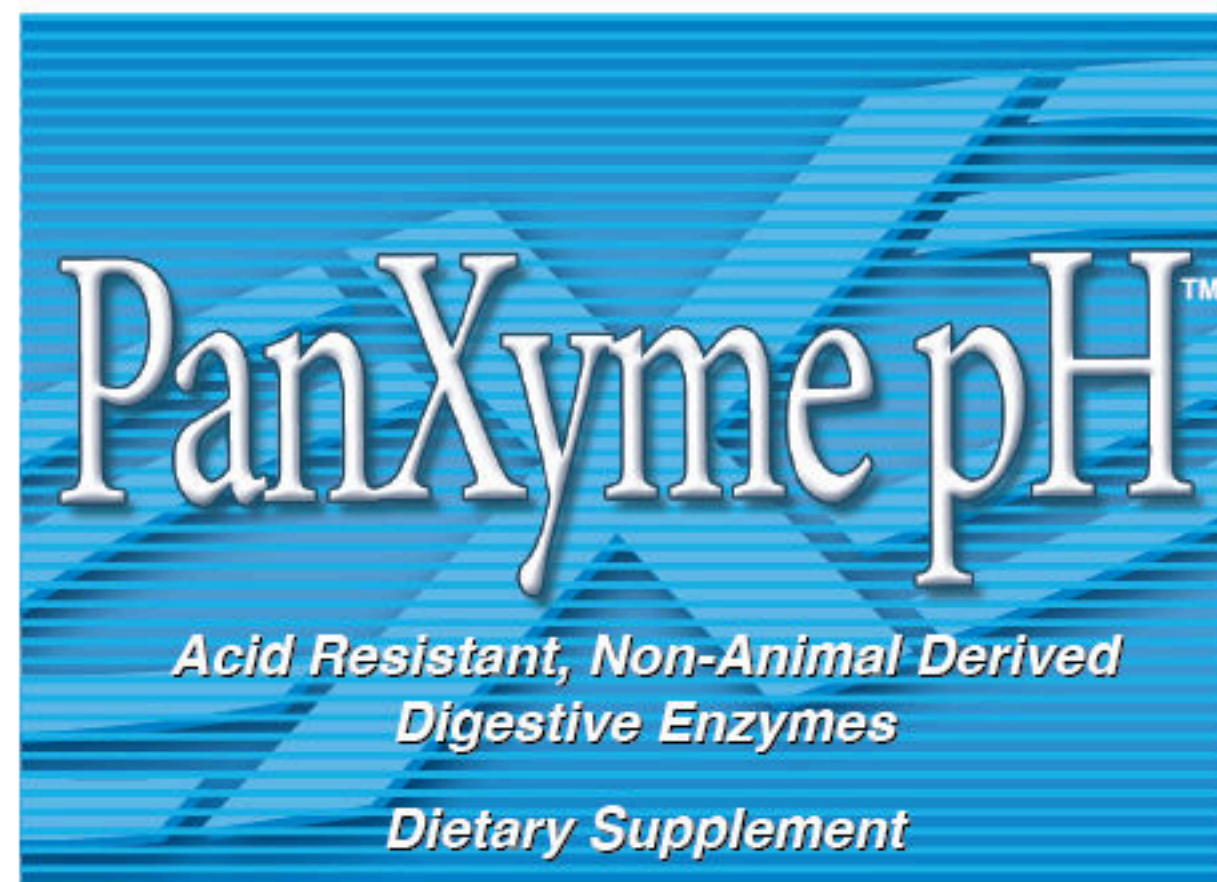

CAUTION: Consult with your healthcare practitioner. Keep out of reach of children. Do not use if there is a prior history of current peptic or duodenal ulcer.

STORAGE: Keep tightly closed in a cool, dry place.

DOES NOT CONTAIN: Wheat, gluten, corn protein, yeast, soy, dairy products, artificial colors, sweeteners or preservatives.
