Not manufactured with wheat, gluten, milk, egg, fish or shellfish ingredients. Produced in a GMP facility that processes other ingredients containing these allergens.

Store in a cool, dry, dark place after opening. Please Recycle.

SUGGESTED USAGE: Take 1 softgel 1 to 3 times daily, preferably 1 hour before meals.

CLA Extreme™ combines Acetyl-L-Carnitine, Guarana and Green Tea Extract (GTE) for active people seeking the nutritional support of Conjugated Linoleic Acid (CLA). Acetyl-L-Carnitine is a more bioavailable form of L-Carnitine, which facilitates the transfer of fatty acids across the mitochondrial membrane for cellular energy production. Guarana supports alertness and, associated with Green Tea, may enhance daily energy expenditure. GTE contributes numerous bioactive compounds, including Polyphenols and Catechins that have been found to help defend against oxidative stress. When used as directed, CLA Extreme™ helps support healthy fat metabolism and energy production, especially when used along with an exercise program and a healthy diet.*
