

Directions: Take one capsule daily or as directed by your healthcare practitioner.

Each **OncoPLEX™** capsule contains 30 mg sulforaphane glucosinolate (SGS™). Scientists identified SGS™ as a natural long-lasting antioxidant and detoxifier found in broccoli and broccoli sprouts. SGS™ contributes to the integrity of all cells, promoting health and well-being. Since its discovery, more than 200 publications from universities worldwide have underscored the significance of sulforaphane glucosinolate. SGS™ activates the body's natural detoxification and antioxidant enzymes, protecting cells from free radical damage.*
