Keep refrigerated or frozen to maintain potency.

James Lake Farm is a family-owned certified Organic Cranberry farm located in Wisconsin. The Stauners take pride in growing and harvesting deeply pigmented Cranberries that are rich in protective proanthocyanidins, compounds which have been shown to specifically support urinary tract health.*

*The Stauner Family of
James Lake Farms*

Women are particularly susceptible to occasional vaginal & urinary discomfort when the microbiome is out of balance. MegaFood created this probiotic formula exclusively for women, with FoodState® Cranberry, a super fruit, and a high count of *Lactobacillus rhamnosus* (HN001) and *Lactobacillus plantarum* (LP115), probiotics known to promote vaginal & urinary tract health.* Our signature MegaFlora® blend of 14 probiotic strains offers digestive and immune system support.* To enhance the effectiveness and colonization of the probiotics, we also added prebiotic foods, Beet, Burdock and Dandelion Root, which together nourish your existing microbiome and feminine health.*

Made with Love by MegaFood, PO Box 325, Derry, NH 03038
