30 NATURAL ORANGE FLAVOR
SMALL SOFTGELS
OMEGA-3 SUPPLEMENT

NORWEGIAN GOLD® THE ADVANCED FISH OILS

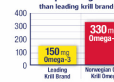

Health Benefits of Krill Omega*

Antarctic krill are among the ocean's most abundant species. They contain high amounts of the powerful antioxidant astaxanthin, which helps neutralize harmful free radicals. The Omega-3 fatty acids found in krill oil are in the phospholipid form, which means they are more easily absorbed for use throughout the body, including the brain.*

The Perfect Blend

The fusion of super-concentrated fish oil with natural krill oil combines the best features of these two quality sources of heart-healthy Omega-3 in one small, easy-to-swallow softgel. High-potency fish oil with highly absorbable krill oil plus added vitamin D combine to help support overall health with no fishy aftertaste.*

2x More Omega-3
per Softgel
than leading krill brands

Norwegian Gold Advanced Omega-3 Fish and Krill Oils from ReNew Life surpasses world standards to bring you the ultimate in quality, freshness and purity. They are backed by rigorous quality systems and testing so you receive the superior natural benefits of some of the purest oils on Earth.
That's our promise to you.

When Purity Matters Most

This product has received the highest 5-star rating from the International Fish Oil Standards (IFOS) program, the world leader in Omega-3 testing. This certifies that each batch exceeds all U.S. and international pharmaceutical standards for freshness, purity and potency.

Visit the IFOS website at www.ifosprogram.com to monitor the test results of this and every batch of Norwegian Gold Advanced Fish Oils.

*Supportive but not conclusive research shows that consumption of EPA and DHA Omega-3 fatty acids may reduce the risk of coronary heart disease.

Directions: For best results take 1 softgel daily, with or without food, as directed by your healthcare professional. To maximize your Omega intake, take 2 softgels daily.
