

Directions: Swallow one to two softgels with water daily, or as directed by your healthcare practitioner.

This cold water fish-derived oil is ultra pure and third party tested. It is a molecularly distilled, highly concentrated, antioxidant-stabilized formula containing docosahexaenoic acid (DHA), an omega-3 fatty acid that doctors often recommend during pregnancy and lactation to support optimal brain development/function of the fetus and infant. Through its variety of functions, DHA also offers support against age-related disruption of brain function and may support the maintenance of the high DHA levels found in the retina of the eye.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

CAUTION: Consult your healthcare practitioner before use especially if you take blood-thinners or anticipate surgery. Keep out of reach of children.

STORAGE: Keep tightly closed in a cool, dry place.

DOES NOT CONTAIN: Wheat, gluten, corn protein, yeast, soy protein, dairy products, artificial colors, sweeteners, or preservatives.
