

DIRECTIONS: Take one packet twice daily, or as directed by your healthcare practitioner.

ActivEssentials™ is a combination of three targeted nutritional formulas packaged together to provide convenience and comprehensive nutritional support.

ActivNutrients without Iron™: a high-quality, hypoallergenic, proprietary multivitamin/mineral blend that features activated vitamin co-factors; folate as a blend of 5-MTHF† and folic acid for optimal utilization; and patented Albion® chelated mineral complexes in vegetable capsules. The balanced nutrient profile in ActivNutrients™ without Iron supports vitamin/mineral synergistic activity; antioxidant protection with vitamins C and E, selenium, and carotenoids; and Phase 1 detoxification.*

Oraxinol™: an innovative blend of RosemarinX™ and Berr-X™ ORAC botanicals. ORAC (Oxygen Radical Absorbance Capacity) is a rating developed by the National Institute of Aging and standardized by the USDA. It is a measurement of antioxidant capacity found in fruits and vegetables. An ORAC rating of 6000 TE, as found in two capsules of Oraxinol™, has been shown to have the antioxidant equivalent of 5-9 servings of fruits and vegetables and may help to minimize the effects free radicals may have on aging.*

OmegaPure 600 EC™: an ultra-pure, Norway-sourced, molecularly distilled, concentrated fish oil that is stabilized with vitamin E as mixed tocopherols to maximize freshness. Each pleasant-tasting, enteric-coated softgel provides 360 mg EPA and 240 mg DHA from 1.2 g fish oil. The temperature-controlled, proprietary vacuum technologies used in the manufacture of OmegaPure 600 EC™ are in accordance with pharmaceutical standards that assure safe, consistent fish oils that exceed Council for Responsible Nutrition (CRN) Monograph standards and meet all international standards for oil safety including WHO, Prop 65, and more. The oil is third-party tested according to AOCS (American Oil Chemical Scientists) international protocols to ensure purity and potency. Supportive evidence shows that consumption of EPA/DHA may reduce coronary heart disease risk.*

Each packet contains: 2 ActivNutrients without Iron Capsules, 1 Oraxinol Capsule, 1 OmegaPure 600 EC Softgel.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

CAUTIONS: Consult your healthcare practitioner before use. Keep out of reach of children. Avoid if allergic to any ingredient.

STORAGE: Keep tightly closed in a cool, dry place.

DOES NOT CONTAIN: Wheat, gluten, corn protein, yeast, soy protein, dairy products, shellfish, artificial colors, sweeteners, or preservatives.
