

ProactEnz™ is uniquely formulated with pHysioProtease™, plus calcium, a combination that research has demonstrated will help restore and maintain healthy systemic function.* The highly purified enzymes in pHysioProtease™ are concentrated from mycological sources specifically cultivated for optimum activity in the human body.

Recommended Usage: One (1) capsule two times per day on an empty stomach (a minimum of one hour prior to a meal and two hours after a meal), preferably upon arising and at bedtime, or more may be taken as indicated by your doctor. Take with adequate liquid.

Store tightly sealed in a cool, dry place.
Keep out of reach of children.
