dry place. Seal pouch after each use.

People over the age of 50 begin to have a decline in *Bifidobacteria*.

Probiotic Advantage Bifido Beadlet 50+™ contains more *Bifidobacteria* than *Lactobacillus* to help replenish naturally declining *Bifidobacteria* levels and support regularity and digestive balance.†

Just 1 daily, easy-to-swallow probiotic beadlet guarantees the delivery of 2 billion live *Bifidobacteria* and *Lactobacillus* cultures with 6 scientifically studied strains that provide full intestinal coverage for maximum digestive support. When taken daily, this formula promotes overall digestion, supports regularity, relieves occasional constipation, gas, and bloating, and supports immune health.†

Probiotic Advantage Bifido Beadlet 50+ uses *Advanced Bead-Lock™* technology to ensure that 2 billion live probiotics are protected to survive stomach acid and reach your intestines, where they are needed.

Unconditionally Guaranteed

for purity and labeled potency. Store in a cool, dry place. Seal pouch after each use.

No refrigeration necessary.

Beadlet actual size:
