Read the entire label and follow the directions carefully prior to use.

DIRECTIONS: Take one (1) capsule daily with food, or as recommended by a healthcare practitioner.

CAUTION: Vitamin B deficiency occurs in 30% of seniors and 55% of the elderly and is correlated with elevated homocysteine levels. Do not use this product if your homocysteine levels are at or below acceptable levels. Consuming more than 2000 mg of vitamin B6 daily can result in loss of muscle coordination, tingling sensations in the extremities, and degeneration of nerve tissue. Similar effects may be experienced if more than 200-300 mg of B6 is consumed per day over the course of months or years, especially if taken without other B complex vitamins. Consult your physician before using this product if you are taking levodopa (L-dopa).

WARNINGS:

- KEEP OUT OF REACH OF CHILDREN.
- DO NOT EXCEED RECOMMENDED DOSE.
- Do not purchase if outer seal is broken or damaged.
- When using nutritional supplements, please consult with your physician if you are undergoing treatment for a medical condition or if you are pregnant or lactating.
