No Fishy Aftertaste: How did we do it?

- Start with the freshest fish oil available.
- Add our proprietary Essential Fresh™ blend of essential oils.

100% Wild Alaskan Fish

Our wild fish is harvested only from the fresh, cold, open waters of Alaska. Upon catch, our fish is immediately placed in refrigerated sea water tanks and then the oil is extracted within 24 hours.

MSC-Certified Sustainable

Our fish oil is rigorously regulated from the sea all the way to our shelves. Marine Stewardship Council (MSC) is a world-class third party sustainability certifier that monitors each step of the process.

Highest Quality: Concentrated, Clean & Pure

Our unique filtration process removes contaminants, such as PCB's, dioxins & mercury. Our advanced concentration process employs 225 tests & checks to create an oil that is fresh, clean & clear.

May reduce the risk of coronary heart disease.*

Supplement Facts

Serving Size: 1 Softgel

	Amount Per Serving	%DV
Calories	15	
Calories from Fat	15	
Total Fat	1 g	2%**
Vitamin D3 (as cholecalciferol)	2000 IU	500%
Fish Oil Concentrate	1200 mg	††
Total Omega-3 Fatty Acids	600 mg	††
EPA (eicosapentaenoic acid)	324 mg	††
DHA (docosahexaenoic acid)	216 mg	††

** Percent Daily Values are based on a 2,000 calorie diet.
†† Daily Value not established

OTHER INGREDIENTS: Gelatin Capsule (Fish Gelatin, Glycerin, Purified Water), Essential Oils (as natural flavorings), Mixed Tocopherols. **CONTAINS FISH:** Alaska Walleye Pollock and/or Pacific Whiting.

Suggested Use: As a dietary supplement, take one softgel daily with a meal. For adults only. Consult your doctor before taking any supplement, particularly if pregnant or nursing.

No milk, egg, tree nuts, peanuts, wheat, soy, gluten.

Keep out of the reach of children. Store in a dry place at room temperature (59°-86°F) with the cap tightly closed. **Do not use if inner seal is broken or missing.**

Supplementation with omega-3 fatty acids should be avoided in patients with inherited or acquired bleeding predispositions, including those taking anticoagulants. As with any product containing omega-3 fatty acids, adhere carefully to the amount recommended by your health care practitioner.

***These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.**

*Supportive but not conclusive research shows that consumption of EPA (eicosapentaenoic acid) and DHA (docosahexaenoic acid) omega-3 fatty acids may reduce the risk of coronary heart disease.
