Form of Product	Capsule	Capsule

The benefits of taking probiotics:

Probiotics support the development of healthy intestinal microflora. Daily probiotic intake helps maintain our body's natural balance of good bacteria, promoting gastrointestinal and immune health.*

What are Probiotics?

Probiotics are the "friendly" bacteria naturally found in your intestinal tract. These beneficial bacteria help promote a healthy intestinal microflora, which is key to proper digestive system function.* Probiotics also play an important role in promoting a healthy immune system.*

About our formula:

Our formula contains 5 strains of beneficial bacteria: *Bifidobacterium infantis*, *Bifidobacterium lactis*, *Bifidobacterium bifidum*, *Lactobacillus acidophilus* and *Lactobacillus rhamnosus GG*. This blend of healthy and friendly bacteria will help balance your gut's microflora, promoting healthy digestion and support for your body's natural defenses.*
