

PQQ with BioPQQ™ helps provide neuro-protective properties which help inhibit memory loss, improve cognitive function, reduce neuropathic pain, and protect the entire central nervous system.* PQQ is a polyphenol whose antioxidant properties are crucial for protecting energy-producing mitochondria.* PQQ also acts as an enzyme co-factor essential for the biogenesis of new mitochondria and the stimulation of nerve growth factor.*

Ultra-potent antioxidant and cell signaling moderator for energy production*

Helps maintain and renew growth of mitochondria for energy*

Helps provide neuroprotection of aging and new nerve cells*

Helps protect the entire central nervous system*

Helps support the heart and brain*
