

BA ENDURANCE™

BA Endurance™ is 100% pure grade beta-alanine. BA Endurance™ combines with histidine (another amino acid) in the muscle tissue to increase muscle carnosine stores. Carnosine delays muscle fatigue through its buffering action on acid build-up in muscles. This increases your endurance and ability to work out longer.*

- Increase muscular endurance and stamina*
- Workout longer*
- Increase total workout performance*
- Works fast!*
