Pyruvate 1000 mg

Calcium Pyruvate

Cellular Fuel*

90 Tablets

A Dietary Supplement Vegetarian/Vegan

Non-GMO

SUGGESTED USAGE: Take 1 tablet daily, preferably with food.

Pyruvate is a key metabolite of carbohydrate metabolism that is needed to begin the citric acid cycle, the process by which cells produce energy in the form of ATP.* As the main chemical fuel of the body, ATP powers most vital functions throughout the body, including muscular movement.* Pyruvate is also important in a number of other metabolic pathways, including those that result in fat and protein metabolism, as well as in glycogen storage.* Pyruvate can therefore help to readily replenish cellular fuel supply and facilitate energy production.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of children.

Do Not Eat Freshness Packet. Keep in Bottle.
