

Digestive Advantage® targets your specific digestive health needs and with continued use, gives you long-term digestive support.* That's because **Digestive Advantage** contains **BC³⁰**, a probiotic that survives 100x better than leading probiotics and yogurt so it can deliver good bacteria where you need it.†

Probiotics are beneficial bacteria that live in your digestive tract and promote digestive and immune health.* Many other probiotics don't survive the harsh acidic stomach environment.

The probiotic used in **Digestive Advantage** is protected by a hardened layer of proteins, which allows it to survive the harsh environment of the stomach better than other probiotics and reach the intestines to promote digestive and immune health.*

Digestive Advantage helps lessen minor abdominal discomfort, bloating and helps reduce occasional diarrhea.*

Improve
abdominal
discomfort
and bloating in
2 weeks*

Survives
100x
Better†

GUARANTEED: No added sugar (sucrose, fructose, lactose), salt (sodium chloride), yeast or wheat. No preservatives or artificial flavors.

GUARANTEED: For purity, freshness and labeled potency.

† Based on median % survivability of Digestive Advantage® probiotic vs. leading probiotic supplements and 19 probiotic yogurts in simulated gastric pH for 2 hours. Survivability and delivery of probiotic cells to the small & large intestines is one of the several factors influencing overall product effect.

* Based on results of a randomized, double-blind, placebo-controlled trial where subjects receiving BC30 experienced relief from abdominal discomfort and bloating within 14 days.
