

NEW LOOK | SAME GREAT PRODUCT

Schiff® Digestive Advantage® targets your specific digestive health needs and, with continued use, gives you long-term digestive support.* That's because **Digestive Advantage®** contains **BC³⁰**, a natural probiotic that survives 10x better than yogurt to deliver good bacteria where you need it.†

Digestive Advantage® Lactose Defense Formula provides two powerful ingredients to support your digestive health: lactase and **BC³⁰**, a natural probiotic.* Lactase aids in the digestion of lactose.* If not broken down, lactose can cause gas, bloating and occasional diarrhea. Lactase and **BC³⁰** help digest lactose and promote overall digestive health.* Probiotics are beneficial bacteria that live in your digestive tract and promote digestive and immune health.* Many other probiotics don't

survive the harsh acidic stomach environment. Because **Digestive Advantage® Lactose Defense Formula** reaches your intestines alive, it is able to provide digestive and immune health benefits where you need them.*

Enjoy the Benefits

- Helps break down lactose and defend against digestive upset*
- Fast-Acting
- Simple and convenient to use, no need to take with every meal
- Promotes long-term digestive health with continued use*

Schiff

Digestive Advantage

Lactose Defense Formula*

Survives 10x Better†

Studies reveal that the single strain of probiotic used in **Schiff® Digestive Advantage®** survives 10x better than other probiotics and yogurts to deliver good bacteria where you need it.†

GUARANTEED: No added sugar (sucrose, fructose, lactose), salt (sodium chloride), yeast, wheat or gluten. No preservatives or artificial flavors.

GUARANTEED for purity, freshness and labeled potency.

† Based on median % survivability of Digestive Advantage® vs. probiotic supplements and 20 probiotic yogurts in simulated gastric pH for 2 hours. Survivability and delivery of probiotic cells to the small & large intestines is one of several factors influencing overall product effect.
