

Schiff® Digestive Advantage® targets your specific digestive health needs and, with continued use, gives you long-term digestive support.* That's because **Digestive Advantage®** contains **BC³⁰**, a natural probiotic that survives 10x better than yogurt to deliver good bacteria where you need it.†

Some people take products to provide relief from occasional heartburn. Others take products that promote overall digestive health with continued use. **Digestive Advantage® Tummy Relief + Probiotic** is a two in one formula that does both.* Each delicious chewable provides calcium carbonate for relief of occasional heartburn and abdominal discomfort; plus **BC³⁰**, a natural probiotic that survives 10x better than other probiotics to deliver good bacteria where you need it to promote overall digestive health.*†

Probiotics are beneficial bacteria that live in your digestive tract and promote digestive and immune health.* Many other probiotics don't survive the harsh acidic stomach environment.

Because **Digestive Advantage®** reaches your intestines alive, it is able to provide digestive benefits where you need them.*

Enjoy the Benefits

- Calcium carbonate to help relieve occasional heartburn*
- **BC³⁰** to promote long-term digestive health with continued use*
- Delicious chewables in assorted fruit flavors

Schiff

Digestive Advantage®

Tummy Relief + Probiotic*

Survives 10x Better†

Studies reveal that the single strain of probiotic used in Schiff® Digestive Advantage® survives 10x better than other probiotics and yogurt to deliver good bacteria where you need it.†

GUARANTEED: No added sugar (sucrose, fructose, lactose), salt (sodium chloride). No artificial flavors.

GUARANTEED for purity, freshness and labeled potency.

† Based on median % survivability of Digestive Advantage® vs. probiotic supplements and 20 probiotic yogurts in simulated gastric pH for 2 hours. Survivability and delivery of probiotic cells to the small & large intestines is one of several factors influencing overall product effect.
