

Experience the GoLive® Difference
Better Probiotics, Better Prebiotics, Better Delivery...Better Effects™

15 PROBIOTIC Strains (probiotics = beneficial bacteria)

- B. bifidum Bb-06
- B. breve Bb-03
- B. lactis BI-04
- B. lactis SD-5220
- B. longum Bl-05
- L. acidophilus La-14
- L. bulgaricus Lb-64
- L. casei Lc-11
- L. fermentum SD-5847
- L. paracasei Lpc-37
- L. plantarum Lp-115
- L. reuteri SD-5865
- L. rhamnosus Lr-32
- L. salivarius La-33
- S. thermophilus St-21

PREBIOTICS (prebiotics = food for beneficial bacteria)

L. Glutamine • Galactooligosaccharide • Gum Acacia • Larch Gum • Cane Sugar

DIGESTION • METABOLISM • IMMUNITY

Better Probiotics - GoLive® products contain a complex blend of fifteen documented and clinically-tested probiotic strains.

Better Prebiotics - Once blended in liquid, GoLive® probiotics begin to grow and colonize as they consume the nourishing blend of prebiotic soluble fibers and sugars.

Better Delivery - GoLive® probiotic products are freeze-dried and individually packaged in foil to prevent exposure to moisture and harmful heat-generating light. As a result, the probiotics are alive and growing when it counts...at time of consumption.

Better Effects - Probiotics play a key role in health and wellness by colonizing in the gastro-intestinal tract - the location of 100% of the digestive function, the basis of metabolic function and 70%-80% of the immune function.

We Take Care Of Our Probiotics...So They Can Take Care Of You!™

* Percent Daily Values are based on a 2,000 calorie diet.
† Daily Value not established.

Other Ingredients: Cane Sugar, Citric Acid, Natural Flavors (with Coconut, Kiwi and Passion Fruit Extracts), Monk Fruit Extract, Silica.
* At time of manufacture.

No refrigeration required. Recommended for all ages.

Directions: Dissolve contents of 1 packet into 8-16 fluid ounces of any liquid or food (<75°F). Consume within 12 hours of mixing, with or without food.
Recommended Use (all ages): Consume 1 packet every 2-3 days to maintain healthy intestinal balance. Consume 1 or more packets daily, if desired or needed to address more acute health concerns.
Note: During first days of use, as bacteria in the digestive tract rebalance, temporary bloating, digestive gurgling and gas may occur, but normally subsides within one week.
