

**SUGGESTED USE:** As a dietary supplement, take 1 tablet three times daily: morning, noon, and evening 30 minutes before a meal. On training days take 1 of these servings 45 minutes prior to workout.

**Warnings:** Do not use if you are pregnant or nursing. Not intended for any persons under the age of 18. Seek the advice of your healthcare professional if you have any medical condition or are taking any medications. Discontinue use if you are experiencing any side-effects.

Keep lid tightly closed in a cool, dry place away from children.

**It's not how much you take,  
it's how much you absorb.**

pH-Xact™ delivery technology ensures optimal bio-availability of our formulas by giving them the precise pH levels necessary to rapidly shuttle nutrients to the bloodstream with maximum potency.

#### SO, YOU WANT TO GET SOME FREAKY, HEAD-TURNING PUMPS?

I've had the chance to try more nitric-type products in my day. Most of them either didn't work, or they gave me a little pump but nothing to brag about. So when I first started taking Nytric EFX PRO™, I didn't know what to expect from it. But that all changed in just a few doses. I knew right away this was some serious, crazy muscle-building stuff! Talk about "swole"... this one brings it big time! Just take a look at my photo, the results speak for themselves.

Just like all of our other products, I didn't put name on Nytric EFX PRO™ just so you'd buy it. The All American EFX team and I want you to have nothing less than the best of the best. Products that over deliver. That make you want to train harder than ever before. That help you achieve results faster than you ever could before got your hands on them. When the heads start turning, you will be hooked! The bottom line: Our team is on a mission to create the very finest drug-free options available on the market today. Now that you have a choice...won't you join us?
