

Doctor's Best High Absorption Magnesium Powder with TRAACS® 100% Chelated is a patented, organic form of bio-available magnesium. It is not buffered and more absorbable than magnesium oxide.*

Magnesium is an essential dietary mineral that is required for optimal function of the cardiovascular system, the nervous system, skeletal muscle and digestive tract.*

Helps support normal magnesium levels that decrease with age*

Contains magnesium chelated with amino acids, L-Glycine and L-Lysine, providing high absorption*

Helps support bone density, overall cardiovascular health, nerve health, and muscle function*

Made with TRAACS®, a patented, organic form of magnesium that is 100% chelated to optimize bioavailability*
