

NEW LOOK | IMPROVED FORMULA

Now with magnesium to promote daily regularity and to help relieve occasional constipation.*

Schiff® Digestive Advantage® targets your specific digestive health needs and, with continued use, gives you long-term digestive support.* That's because **Digestive Advantage®** contains BC³⁰, a natural probiotic that survives 10x better than yogurt to deliver good bacteria where you need it.†

Digestive Advantage® Constipation Formula provides two powerful ingredients to support your digestive health – magnesium to promote daily regularity and help relieve occasional constipation; and BC³⁰, a natural probiotic, or beneficial bacteria, that supports digestive health and overall well-being.*

Probiotics are beneficial bacteria that live in your digestive tract and promote digestive and immune health.* Many other probiotics don't survive the harsh acidic stomach environment. Because **Digestive Advantage® Constipation Formula** reaches your intestines alive, it is able to provide digestive and immune health benefits where you need them.*

Enjoy the Benefits

- Helps keep your system regular*
- Promotes long-term digestive health with continued use*
- Just one capsule daily with a full glass of liquid (at least 8 ounces)

U.S. patents 6,461,607 & 6,849,256. International patents pending.

Schiff

Digestive Advantage

Constipation Formula*

Survives 10x Better†

Studies reveal that the single strain of probiotic used in **Schiff® Digestive Advantage®** survives 10x better than other probiotics and yogurts to deliver good bacteria where you need it.†

GUARANTEED: No added sugar (sucrose, fructose, lactose), salt (sodium chloride), yeast, wheat or gluten. No preservatives or artificial flavors.

GUARANTEED for purity, freshness and labeled potency.

† Based on median % survivability of Digestive Advantage® vs. probiotic supplements and 20 probiotic yogurts in simulated gastric pH for 2 hours. Survivability and delivery of probiotic cells to the small & large intestines is one of several factors influencing overall product effect.
