

Fast Acting Arginine Complex with Nitrosigine® uses a patented ingredient of bonded arginine silicate. Nitrosigine® has been clinically shown to significantly boost nitric oxide (NO) levels, a key factor in increasing blood flow to working muscles. With continued use, nitric oxide levels build over time, leading to even better blood flow and vessel flexibility.*

Significantly enhances arginine and silicon levels*

Significantly boosts nitric oxide (NO) levels, a key factor in increasing blood flow*

Significantly enhances blood proteins related to vasodilation and heart health*

Takes effect in as quickly as 30 minutes and keeps delivering benefits up to 3 hours after a single dose*
