

P R E C I S I O N E N G I N E E R E D ®

Precision Engineered® Bio-Logical Series provides a cleaner, more wholesome option to those looking for high quality sports nutrition products without ingredients that they may be sensitive to. Each product is Non-GMO and Free of Artificial Sweeteners, Artificial Colors, Artificial Flavors, Preservatives, Sugar Alcohols and Gluten. This line of products is a great way to fuel your body and meet your fitness needs without compromising your nutritional requirements.

No Artificial Color, No Artificial Flavor, No Artificial Sweetener, No Preservatives, No Soy, No Gluten, No Wheat, No Yeast, No Fish.

We formulated Precision Engineered Bio-Logical Super Whey with the knowledge that most people do not get many superfoods in their diet. We started with 25g of protein derived from cows not supplemented (treated) with rBGH. We then added 2g of Spirulina, which contains trace amounts of naturally occurring protein, chlorophyll, essential fatty acids, vitamin B-12, and beta-carotene. Super Whey is as delicious as it is nutritious, with an indulgent chocolate berry flavor that's free of any artificial sweeteners, colors, flavors or preservatives.

Use in conjunction with an intense daily exercise program and a balanced diet including an adequate caloric intake.

Our protein is sourced from milk from cows not treated with artificial growth hormones. No significant difference has been shown between milk derived from rBGH-supplemented (treated) and non-rBGH supplemented (treated) cows.

Contents are sold by weight. Some settling may occur.

WARNING: If you are pregnant, nursing, taking any medications or have any medical condition, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur. Not intended for use by persons under the age of 18. Keep out of reach of children. Store at room temperature. Do not use if seal under cap is broken or missing.
