If you're serious about performance and results,
you need the ALL-NEW MuscleTech® Performance Series!

- NO Proprietary Blends • NO Underserved Key Ingredients • NO Banned Substances
- NO Hype • NO Exceptions

SUPERIOR SCIENCE. SUPERIOR RESULTS.™

ULTIMATE 100% WHEY PROTEIN+ MASS GAINER

MuscleTech® researchers have engineered a brand-new, 5-in-1, hardcore mass gainer designed for individuals looking to put on an extreme amount of mass. MASS-TECH® EXTREME 2000 features 80g of protein, over 400g of carbs and 2,000 mass-producing calories (when mixed with 16 oz. of skim milk), plus 8g of L-leucine, 10g of creatine, and 20 vitamins and minerals for huge size and strength gains. MASS-TECH® EXTREME 2000 has everything you need to bulk up, pack on muscle and smash through strength plateaus.*

1 100% Whey High-Protein Shake

MASS-TECH® EXTREME 2000 delivers more protein per serving than most other mass gainers available on the market. With a whopping 80g of premium protein (when mixed with 16 oz. of skim milk), your body will have all the building blocks it needs to build the size and muscle you're looking for.*

2 Multi-Phase Carbohydrate Complex

MASS-TECH® EXTREME 2000 supplies over 400g of carbohydrates (when mixed with 16 oz. of skim milk) through a multi-phase carb complex to spike your insulin levels and promote muscle glycogen replenishment. This will help create reach your muscles and put your body in an extreme anabolic state.*

3 High-Density, Clean Calorie Drink

The new, scientifically superior MASS-TECH® EXTREME 2000 formula delivers a massive 2,000 calories (when mixed with 16 oz. of skim milk) and delivers high-quality whey protein and easy-to-digest complex carbohydrates. In a university study, subjects who added 2,000 calories to a high-protein diet and a weightlifting program gained 6.8 lbs. of mass (vs. 1.3 lbs. in the control group). This formula is so powerful you only need one serving a day!*

Reznek et al., 2002. Journal of Sports Medicine and Physical Fitness, 42(3):340-7.

4 HPLC-Tested Creatine Monohydrate Drink

Unlike our competitors that contain little to no creatine, MASS-TECH® EXTREME 2000 contains a clinically validated 10g dose of creatine to help you increase strength and regenerate ATP stores that are reduced during resistance training. In a human clinical study, subjects gained 6 lbs. in just 6 weeks while using the same creatine dose found in MASS-TECH® EXTREME 2000!*

Peters et al., 1999. Journal of Strength and Conditioning Research, 13(1):3-8.

5 High-Potency Branched Chain Amino Acid Shake

Each serving of MASS-TECH® EXTREME 2000 (when mixed with 16 oz. of skim milk) delivers 17.2g of BCAAs including 8g of musclebuilding L-leucine. L-leucine is a powerful nutrient signaler that enhances mTOR activation and causes amplified protein synthesis. In a clinical study, L-leucine was shown to help subjects increase their 5-rep max strength by over 40% in just 12 weeks. What's more, when mixed with 16 oz. of skim milk you get 13.8g of L-glutamine and precursor to support muscle recovery. You won't find this amount of amino acids in any other mass gainer on the market!*

Green et al., 2001. Annals of Human Physiology, 91(1):61-71.

Reznek et al., 2002. Journal of Sports Medicine and Physical Fitness, 42(3):340-7.

Reznek et al., 2001. Int J Sports Physiol Perform, 6(1):38-40.

BASED ON RESEARCH AT
A LEADING AMERICAN UNIVERSITY

TEST SUBJECTS RAPIDLY
ADDED MASS*

In an 8-week study, subjects consuming a high-protein diet containing approximately 2,000 calories and performing a weightlifting program added 2,000 calories to their regimen. The results were examined and, on average, subjects gained 6.8 lbs. of mass while control subjects gained 1.3 lbs.*

MASS-TECH® Co-Factors

Co-Factor	Amount	% Daily Value
L-Glutamine and glutamic acid (as whey protein and L-glutamine)	10.4g	†
Creatine monohydrate	10g	†
L-Leucine	6.6g	†
(as whey protein and L-leucine)		
L-Isoleucine	4.1g	†
(as whey protein and L-leucine)		
L-Valine	3.4g	†
(as whey protein and L-leucine)		

*Percent Daily Values are based on a 2,000 calorie diet.

Other Ingredients: Multi-Phase Carb Complex (Glucose Polymers, Octa Bran, Isomaltulose), 100% Whey Protein Blend (Whey Protein Concentrate, Whey Protein Isolate, Whey Protein Isolate, Hydrolyzed Whey Protein Isolate), Cocoa (Processed with Alkali), Natural and Artificial Flavors, Soy or Sunflower Lecithin, Acesulfame-Potassium, Sucralose, Gum Blend (Cellulose Gum, Xanthan Gum, Carrageenan), Salt, Ferric Orthophosphate, Medium Chain Triglycerides. Contains milk, soy and coconut ingredients. Processed in a facility that also processes peanuts, tree nuts, fish/crustacean/shellfish oils, egg and wheat ingredients.

See Supplement Facts for cholesterol and fat content.

Directions: Mix 1 serving (6 heaping scoops) with 16 to 20 oz. of water or skim milk in a blender and consume once daily. 1 serving (3 heaping scoops) with 8 to 10 oz. of water or skim milk and consume twice daily. Take in the morning, between meals or post-workout. Read the entire label before use and follow directions provided. Drink 8 to 10 glasses of water daily for general good health.

This product contains 10g of creatine per serving, which is in addition to the 83g of protein per serving shown in the Supplement Facts. Creatine is not counted toward the total amount of protein in this product.

WARNING: Not intended for use by persons under 18. Do not use if pregnant or nursing. Child-bearing age women should limit daily vitamin A intake to 10,000 IU (excluding beta-carotene). Consult a medical doctor if you have a medical condition or before starting any diet or exercise program. KEEP OUT OF REACH OF CHILDREN.

Do not use if packaging has been tampered with. Store in a cool, dry place (80°F to 80°F). MuscleTech is America's #1 Selling Bodybuilding Supplement Brand based on cumulative wholesale dollar sales 2001 to present.
