

SCIENTIFICALLY DESIGNED ENERGY & METABOLISM FORMULA

Elite female athletes understand the important role an advanced multivitamin formula plays when it comes to general health support. VitaMax Energy & Metabolism SX-7™ Black Onyx™ is not only a good source of over 20 vitamins and minerals, it also provides caffeine to boost your metabolism and increase your energy, along with *C. canephora robusta* for weight loss. This superior multivitamin formula is a must-have in any female athlete's supplement arsenal. ▲

Boosts Metabolism And Increases Energy

2 We all know advanced-level athletes are always looking for more energy, and that's why every serving of VitaMax Energy & Metabolism SX-7™ Black Onyx™ provides a powerful dose of caffeine to increase your energy for better workouts and to boost your metabolism. Its cutting-edge formula also contains B vitamins to support macronutrient metabolism, which is the conversion of carbohydrates, protein and fat into metabolic energy. ▲

Female Support Formula

Featuring the female-friendly ingredients folic acid, calcium and vitamin D, VitaMax Energy & Metabolism SX-7™ Black Onyx™ also provides additional ingredients women look for including biotin, silica, cysteine and lutein. Each serving also delivers a unique spectrum of over 40 different nutrients, phytonutrients, vitamins, minerals, herbs and adaptogens. ▲

PEEL FOR MORE INFORMATION

Directions: Take 1 serving (4 tablets) with water.

Directions for Weight Loss: Take 1 serving (4 tablets) 2 times daily, 30 to 60 minutes before your 2 largest meals (e.g., breakfast and lunch). For best results, use in conjunction with diet and exercise for 60 days.

Directions for Energy: Take 1 serving (4 tablets) with water and consume 30 minutes before your workout. On days you do not work out, take 1 serving (4 tablets) with water in the morning. Do not take within 5 hours of bedtime. Do not exceed 2 servings (8 tablets) in a 24-hour period. Read the entire label before use and follow directions provided.

WARNING: For adult use only. Do not use if pregnant or nursing. May cause flushing or itching. Childbearing age women should limit daily vitamin A intake to 10,000 IU (excludes beta-carotene). Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. In case of accidental overdose, call a medical doctor or poison control center immediately. If you experience a skin rash or any other allergic reaction, discontinue use and consult a medical doctor. Consult a medical doctor if you have a medical condition or before starting any diet or exercise program. **KEEP OUT OF REACH OF CHILDREN.**
