WOMEN'S
ULTRA MEGA®
Active

Women's Ultra Mega® Active is much more than a multivitamin – it's also a complete formula designed for women who exercise regularly! You get everything in one easy-to-mix powder.

- Women's Health**
Contains a clinically studied multivitamin formula[^] shown to support women's health, and it includes 10 g of high-quality protein for muscle support.*
- Performance**
Packed with essential amino acids for protein synthesis and contains betaine anhydrous, which is clinically shown to enhance athletic performance.*
- Joint Health**
Includes hyaluronic acid to cushion joints; also has MSM, an important component for joint cartilage.*
- Digestion**
Features a clinically researched, advanced digestive enzyme blend for greater protein breakdown and 10 g of fiber to support digestive health.*
- Energy**
Contains medium chain triglycerides, which are quickly absorbed by the body to use for energy, and CLA, which fuels energy and fat metabolism. Also has an array of B vitamins vital for energy production.*

[^]In a randomized, double-blind, placebo-controlled study of 112 healthy volunteers, subjects taking the GNC vitamin and mineral blend in this product for six weeks experienced statistically significant improvements in markers of B vitamin and antioxidant status, as well as improvements in SF 36 Vitality and Mental Health scores compared to those taking a placebo.
