

SUGGESTED USE: Take 2 capsules daily as a dietary supplement.

CONTAINS NO artificial colors, flavors or preservatives; no wheat, gluten, milk, eggs, peanuts, tree nuts or soy.

Certain key nutrients found in nature have been identified as enhancing our ability to repair and alleviate joint problems. Glucosamine, cartilage (including collagen) and MSM are helpful in building and restoring joint function. Vitamin C and manganese help form the collagen matrix to strengthen joints. Plant extracts such as boswellin, turmeric and yucca contain potent anti-inflammatory properties that may prevent joint destruction. **Super Joint Complex®** contains optimal amounts of these nutrients in a convenient two-a-day formula.†
