

Vitamin C is considered a "staple" in any supplement routine. Its powerful antioxidant properties, ability to promote healthy skin, and support of the immune system, contribute greatly to overall health. In addition, the body's inability to store vitamin C makes it necessary to replenish on a daily basis. The addition of bioflavonoids to our Bio Complex C enhances the absorption of vitamin C.†

For those who find tablets difficult to swallow, Bio Complex C provide vitamin C in an easy-to-swallow capsule.
