Acute Defense™ - For Rapid Immune Response!*

Acute Defense provides key nutrients and plant compounds known to help strengthen an immune response when you need it most.* Made with FoodState® Vitamin C, Zinc and Black Elderberry plus whole herb extracts, this formula contains high levels of plant compounds effective in supporting a quick immune response.*

- Black Elderberry fruit has an extensive history of being used in the early stages of seasonal immune challenges.*
- Echinacea is an herb of the daisy family with strong immune-promoting properties.*
- Andrographis is a bitter herb packed with compounds known to help support immune system function at onset.*

MegaFood cares about doing things the right way - we refuse to take shortcuts and we never compromise on quality or the things that matter. Since 1973, we have been going out of our way to source fresh foods from trusted farmers.
