

ETHIS-094® milk thistle has been formulated specifically for those concerned about hazardous substances that negatively impact the liver. Doctor's Best ETHIS-094® is extensively and consistently tested for purity and potency. The special ETHIS-094® processing retains all 6 silymarin isomers, each with different biological activity and in their proper ratios. Milk thistle extract supports liver function and provides potential protection from free radicals and other toxins.

Helps support normal liver function*

ETHIS-094® provides a complete efficacy formula for enhanced bioavailability*

ETHIS-094® is 44:1 concentrated milk thistle extract*
