

CLINICALLY STUDIED MUSCLE-BUILDING BREAKTHROUGH

Introducing new MuscleTech® Phospha Muscle™ – a shockingly powerful musclebuilder evolving from a breakthrough new study from The University of Tampa. In this study, researchers finally exposed the anabolic potential and incredible muscle-building effects of phosphatidic acid. Phosphatidic acid naturally increases in the body during resistance training and binds to mTOR, thereby increasing protein synthesis. MuscleTech® Phospha Muscle™ delivers the purest form of phosphatidic acid to boost these effects and give you the size and strength you want!*

SUBJECTS DOUBLED THEIR MUSCLE AND GAINED 60% MORE STRENGTH!

The true anabolic powers of phosphatidic acid were unleashed upon a group of trained individuals at The University of Tampa where the results were nothing short of incredible.

Subjects supplementing with the exact form of phosphatidic acid found in MuscleTech® Phospha Muscle™ packed on 5.3 lbs of solid, lean muscle in just 8 weeks – that's double the placebo group! In the same study, test subjects increased their strength on the leg press by 60% more than the placebo group in just 8 weeks! Whats more? Subjects only trained 3 times a week. Just imagine how much muscle you could build!

*In a separate phase of the same study, pre-clinical research showed that the dose of phosphatidic acid found in MuscleTech® Phospha Muscle™ increased mTOR signaling by over 6 times compared to baseline and kept it elevated for more than 6 hours!

GUARANTEED BY NUCLEAR MAGNETIC RESONANCE ANALYSIS

MuscleTech® Phospha Muscle™ has been tested and verified by a specialized testing procedure called Nuclear Magnetic Resonance (NMR) spectroscopy. This analytical chemistry technique guarantees the content and purity of a sample as well as its molecular structure. There are many imitators on the market today with products claiming to contain phosphatidic acid; however MuscleTech® Phospha Muscle™ can be truly relied upon to deliver the clinically validated dose of Mediator® Phosphatidic Acid that you want.*

DECREASES CATABOLISM AND ACCELERATES RECOVERY

MuscleTech® Phospha Muscle™ is enhanced with a tested dose of tart cherry, shown in emerging research to support recovery and fight catabolism. Use MuscleTech® Phospha Muscle™ every day to provide both potent anabolic and anti-catabolic power at the same time, so you get uninterrupted gains in size, strength and performance!*

SUBJECTS DOUBLED THEIR MUSCLE & JACKED UP THEIR STRENGTH

NEW

PHOSPHA MUSCLE™

CONTAINS THE ONLY CLINICALLY STUDIED
& FULLY DOSED FORM OF PHOSPHATIDIC ACID

GAIN 5.3 LBS.
OF PURE MUSCLE**1

60% INCREASE IN
MUSCLE STRENGTH**1

SPIKES mTOR
SIGNALING
BY OVER 6 TIMES**2

Results based on core ingredient testing.

FROM THE
UNIVERSITY
OF TAMPA

Supplement Facts

Serving Size: 5 Softgels
Servings Per Container: 28

Amount Per Serving	% Daily Value
Mediator® PA Phosphatidic Acid (from Glycine max) 1500mg	↑
Supplying 50% phosphatidic acid	
Tart cherry fruit powder (as <i>Prunus cerasus</i>) 480mg	↑

†Daily Value not established.

Other Ingredients: Medium Chain Triglyceride Oil, Gelatin, Glycerin, Purified Water, Monoglycerides & Diglycerides from Medium Chain Triglycerides, Silicon Dioxide, Titanium Dioxide, FD&C Red No. 40, FD&C Yellow No. 6 and FD&C Blue No. 1. **Contains Soy Ingredients.**

DIRECTIONS: Take 1 serving (5 softgels) once daily. On workout days, take 30 minutes before training. Do not exceed 5 softgels in a 24-hour period. Read the entire label before use and follow directions provided.

WARNING: For adult use only. Do not use if pregnant or nursing. Consult a medical doctor if you have a medical condition or before starting any diet or exercise program. **KEEP OUT OF REACH OF CHILDREN.**

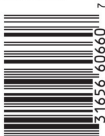

Do not use if packaging has been tampered with. Store in a cool, dry place (60°F to 80°F).

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.
