

Joint Care Plus builds healthy joints with 4 specialized ingredients:

**Arthred®** is the patented form of hydrolyzed collagen that supports joint mobility and maintains the structural integrity of cartilage and other joint tissue.\*

Glucosamine HCL is a natural compound that nourishes the connective tissue structures found in cartilage and joint fluid. Glucosamine plays an important role in your body's natural ability to support joint cartilage.\*

Chondroitin Sulfate helps maintain structural integrity of joints and blood vessels.\*

MSM (Methylsulfonylmethane) supplies biologically active sulfur, in a nutrient form, to joints and other tissues in the body and is an important structural component of joint cartilage.

Joint Care Plus is a natural product that is easily digested and assimilated.
