What are probiotics?

Probiotics work to keep a healthy balance of intestinal flora. They reduce the amount of harmful bacteria by replenishing and maintaining the "friendly" bacteria.* The depletion of beneficial bacteria can occur as a result of poor diet, taking certain antibiotics, stress, food poisoning, travelers' diarrhea or poor overall digestive health.

Why take GNC Ultra Probiotic Complex 75?

Ultra Probiotic Complex 75 has been designed to provide daily replenishment of healthy bacteria in your digestive tract. Each capsule provides 75 billion live and active cultures of *Lactobacillus acidophilus* and *Bifidobacterium* to help reduce bloating and stomach discomfort, aid in improving regularity and support a healthy immune system.*
