What are Probiotics?

Probiotics work to keep a healthy balance of intestinal flora. They reduce the amount of harmful bacteria by replenishing and maintaining the "friendly" bacteria.* The depletion of beneficial bacteria can occur as a result of poor diet, taking certain antibiotics, stress, food poisoning, travelers' diarrhea or poor overall digestive health.

Why take GNC Ultra Probiotic Complex 25 Plus Immune?

Each capsule combines 25 billion live and active cultures with elderberry and echinacea for additional immune support.* The clinically studied probiotics in this formula improve the balance of beneficial flora in the digestive tract, help reduce bloating and stomach discomfort, aid in improving regularity and support a healthy immune system.*

This best-in-class, premium formula requires no refrigeration.

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

WARNING: Consult your physician prior to using this product if you are pregnant, nursing, taking medication, or have a medical condition. Discontinue use two weeks prior to surgery.
KEEP OUT OF REACH OF CHILDREN.
