

MT THE MOST POWERFUL SUPPLEMENTS ON EARTH.™

At MuscleTech®, our researchers are passionate about supplements. Our mission is to develop the most scientifically advanced and effective supplements to help you build muscle and strength, lose weight, and improve athletic performance. Thanks to our millions of loyal customers, we are fortunate to be the most-awarded and best-selling sports nutrition brand over the past 20 years.

Many supplement companies do not disclose their ingredients, and don't invest in science and research, or quality control. We are different. MuscleTech® invests millions in product research and development, and quality control - and our supplement facts always tell you EXACTLY what you are getting: The Most Powerful Supplements on Earth!

MuscleTech® is the Leader in Science with a Multi-Million Dollar Research Budget - A portion of every dollar spent on MuscleTech® supplements is allocated toward scientific research to discover new and more effective ways to increase lean muscle and strength, and improve athletic performance. In fact, Team MuscleTech® researchers have collaborated with researchers at over 20 universities and research facilities around the world to study the various key ingredients found in our powerful formulas.

Platinum 100% Fish Oil - Platinum 100% Fish Oil uses only the most ultra-pure, filtered fish oil to supply the key omega-3 fatty acids in fish oil - docosahexaenoic acid (DHA) and eicosapentaenoic acid (EPA). Platinum 100% Fish Oil soft gels give your body the EPA and DHA it needs to be its very best. These enteric-coated soft gels prevent the fishy aftertaste or bothersome fish burps you'll get with lower quality fish oil products.
