AND CONSUME IMMEDIATELY AFTER EXERCISE.

MET-Rx® BCAA 5000

MET-Rx® BCAA 5000 SUPPLIES A PRECISE, CLINICALLY STUDIED RATIO OF LEUCINE, VALINE AND ISOLEUCINE (45/30/25). BRANCHED CHAIN AMINO ACIDS MAY BE THE MOST IMPORTANT AMINOS FOR EXERCISE AND RECOVERY AS THEY WORK DIRECTLY WITHIN MUSCLE TO REGULATE PROTEIN SYNTHESIS AT THE GENETIC LEVEL.* BCAAS CAN ALSO INCREASE NITROGEN RETENTION AND CAN BE USED AS AN ENERGY SOURCE TO FUEL EXERCISE.*

Massive MET-Rx® BCAA 5000 Benefits:

- Provides dual benefits since BCAAs can be used to build protein or broken down in muscle to supply a direct source of energy.*
- BCAAs provide muscle nitrogen support for a variety of metabolic functions, which can be especially important during heavy training.*

Taken before and after exercise or competition, MET-Rx® BCAA 5000 will give you a jump-start on recovery so you can unleash your genetic potential and come back better than ever.*

Enhanced with high-potency Vitamin B-6, which plays an essential role in BCAA metabolism for optimal usage.*

Use in conjunction with an intense daily exercise program and a balanced diet including an adequate caloric intake.

WARNING: If you are pregnant, nursing, taking any medications or have any medical condition, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur. Not intended for use by persons under the age of 18.
