LIBIDO-MAX® Power Extending Formula! Fast-Acting Liquid Soft-Gels
This doctor-developed product has been scientifically-designed to maximize a man's sexual potential. Combining tried and true botanicals with targeted nutrients, this unique 3-part formula delivers the right ingredients for powerful male enhancement.

DIRECTIONS: (Adult) For daily maintenance, take one (1) to four (4) Liquid Soft-Gels per day divided into two or more doses, e.g., one (1) or two (2) in the morning and one (1) or two (2) in the afternoon with a glass of water. Do not exceed four (4) Liquid Soft-Gels per day. For a more immediate response, take one hour prior to intimacy. While the daily serving size is up to four (4) Liquid Soft-Gels, it is strongly recommended that you explore whether or not you can achieve results at a lower daily dose. You may benefit from a smaller dose because everyone has different sensitivities to these ingredients. For a daily dose, start with one (1) Liquid Soft-Gel and build up to the maximum of four (4) Liquid Soft-Gels only if needed. Do not exceed 90 days of continual use of this product without a two (2) week break.
