©2014 Universal Nutrition

WHO WE ARE Universal Nutrition has been providing cutting edge and staple nutritional supplements to bodybuilders and hard training athletes the world over since 1977. As time passes, certain ideals never go out of style. Honesty. Integrity. Respect. These are the values we uphold and are the bedrock upon which we built our business. **WHAT IT IS** Atomic 7™ is a targeted and strategically enhanced Branched Chain Amino Acid (BCAA) performance supplement that combines the benefits of a scientifically proven 2:1:1 ratio of BCAA along with additional key performance ingredients such as citrulline malate, L-glutamine and L-aurine. These potent ergogenic aids along with BCAA help to not only maximize performance in the gym but helps promote recovery at the same time. But that's just the tip of the iceberg. Additionally, Atomic 7™ also works on decreasing fatigue, enhancing muscle protein synthesis, increasing cell volumization, improving immune function, sparing liver and muscle glycogen, reducing muscle breakdown, and even serves as a fuel source during prolonged exercise. Any athlete who trains hard and intensely needs to have Atomic 7™ in their shaker cup. No other BCAA supplement is as advanced as Atomic 7™. **HOW WE BACK IT UP** What is on the label is in the bottle and what is in the bottle will help you reach your goals.
