GNC QUALITY COMMITMENT

For more than 75 years, GNC has been the leader in the development and manufacture of dietary supplements and is committed to producing the most superior products. We use only the highest quality ingredients manufactured under the strictest quality controls. Every raw material used is tested to ensure its purity and potency. Each product is dated and then shipped immediately to our stores to ensure that you are purchasing the freshest supplements available.

GNC GUARANTEE

If you are not 100% completely satisfied, return the unused portion of the product with your receipt to a GNC store within 30 days. Our trained sales staff will either refund your purchase price or, if you prefer, assist you in finding a replacement product to help you LIVE WELL.

GNC Triple Strength Fish Oil 1400 plus Brain Support combines a total of 900 mg of the heart-healthy omega-3 fatty acids EPA and DHA, which are necessary for optimal brain function, with ginkgo biloba, an herbal extract shown to support mental sharpness and increased peripheral blood flow.* †Each softgel capsule is enteric coated which allows the softgel to break down and absorb in the small intestine. This controls or reduces fishy burps.

A landmark study involving over 11,000 participants has confirmed the major benefits of fish oil on cardiovascular health. The omega-3 fatty acids found in fish oil are necessary for heart health.* They help support normal, healthy cholesterol levels and are necessary in the maintenance of normal blood pressure.* EPA is important for circulatory system health and also acts as a precursor to hormone-like substances that control vital bodily functions responsible for the body's natural anti-inflammatory response. DHA provides support for healthy triglyceride levels.*

Ginkgo biloba is an herbal extract that has been used for thousands of years. It helps support mental sharpness and healthy memory function and also supports increased peripheral blood flow to the extremities.*

GNC Triple Strength Fish Oil 1400 plus Brain Support has been purified and manufactured for freshness. Five separate purification processes are used until each batch of fish oil in our products is found to be free of detectable levels of mercury, cadmium, lead and PCBs. We use only the best quality ingredients derived from wild, deep ocean fish.
