GLUTAMINE CAPSULES™

Dietary Supplement

50 Capsules

Finest Pharmaceutical Grade Amino Acid with Glutamine Co-Factors

WHAT IT IS Glutamine Capsules™ provides the purest grade L-glutamine available. Glutamine is a "conditionally" essential pro-anabolic amino acid and is the most abundant amino acid in muscle. Glutamine may be the most important variable in promoting optimum protein synthesis, while helping block cortisol to prevent protein breakdown in muscle.* **WARNINGS** Keep out of reach of children. Before beginning any program, consult your health care practitioner.
