

PURE CERTIFIED GLUTEN-FREE
DELICIOUS GRASS FED NON-GMO

BioChem 100% Whey has been a pioneer in crafting whey protein for over 15 years and continues to be a leader in whey proteins today.

We ensure our Protein is the **HIGHEST QUALITY**, by sourcing from **grass fed** cows and using only **non-GMO** ingredients. BioChem 100% Whey is undenatured and made by using a cold-process, chemical-free **micro-filtration/ultra-filtration** method that removes most of the unwanted lactose, cholesterol, and fat, creating a **pure whey protein isolate**. Our whey protein isolate is sourced and **made in the U.S.A** and results in a great tasting whey protein that retains some of the immunoglobulins and lactoferrin as well as the 3 important branch-chained amino acids.

This makes BioChem whey protein your **pure** solution to adding protein to your diet, after-exercise recovery, or even supporting your weight management goals.***

Crafted in our **certified gluten-free** facility, this **DELICIOUS** protein mixes easily to form a smooth and creamy shake or try as a perfectly complimentary ingredient in your morning oatmeal.

Choose from one of our 3 Classic flavors: a light **Vanilla** from Vanilla Beans, creamy **Chocolate** from Cocoa, or our **Natural** flavor. No artificial flavors, colors, or sweeteners.

Simply 100% Whey.
