CONTAINS NO artificial colors, flavors or preservatives; no wheat, gluten, milk, eggs, peanuts, tree nuts, soy, crustacean shellfish or fish.

A healthy diet and exercise are two factors within our control to help maintain our health. **Inflatrol®** combines natural plant ingredients that offer vitamins, antioxidants and phytonutrients to support overall health for those with an active lifestyle.

Turmeric (an Indian spice) contains a beneficial compound called curcumin, which has been shown to have antioxidant activity and other properties to support healthy tissues. Bromelain (from pineapple) and papain (from papaya) are two plant enymes with protein-digesting activity. Quercetin is a naturally occurring bioflavonoid shown to promote blood vessel health. Our green tea extract contains a standardized, high polyphenol (especially EGCG) content to offer a powerful source of both antioxidants and phytonutrients.†
