

"Green Tea Fat Burner" increases your calorie burning ability in fast-acting Liquid Soft-Gels. This product has been formulated to deliver a highly concentrated form of Green Tea Extract combined with caffeine that, while not literally "melting" fat off the body, has been shown to:

- Increase calorie burning (thermogenesis)
- Kick-start your fat burning ability (fat oxidation)
- Supply powerful antioxidant protection

When used in conjunction with a reduced calorie diet and exercise, this product can help you achieve your weight loss goals.*

Green Tea Extract delivers a wide range of health-promoting nutrients, including superior levels of EGCG.

EGCG – the most powerful and most abundant antioxidant found in tea leaves. This product delivers a full 400 mg of EGCG per maximum daily dose.

Essential Vitality Boost – a blend of botanicals that contributes powerful phytonutrients.

Usage Warning: Do not use if safety seal is broken. This product contains caffeine and may affect blood pressure and/or heart conditions. Check with your doctor before using this product if you are using medication or have any medical conditions, including heart disease and/or high blood pressure. Do not use if you may become pregnant, are pregnant or nursing. Do not exceed recommended daily intake. Not intended for use by persons under 18. **KEEP OUT OF REACH OF CHILDREN.** Store in a cool, dry place.

WARNING: (State of California Prop 65) This product contains a chemical known to the State of California to cause birth defects or other reproductive harm.

NOTICE: For best results we recommend limiting the consumption of additional caffeine while using this product (e.g. less than three 8 ounce cups of coffee per day).

Green Tea Antioxidant Power

Antioxidants create a barrier of protection from internal and external factors that cause cell damage. Specifically, antioxidants

protect our bodies from the harmful effects of free radicals.

What are free radicals?

Free radicals are unstable molecules that bounce around in our cells and cause cellular damage. An overload of these unstable molecules can increase the rate of cellular death and accelerate aging.

Green Tea delivers some of the most powerful antioxidants found in nature. One serving of **Green Tea Fat Burner** has higher antioxidant activity than one serving of most fruits and vegetables. **Green Tea Fat Burner** delivers significant antioxidant protection in addition to weight loss support.

Losing Weight is Hard... Your Capsules Shouldn't Be.

Q Why are Liquid Soft-Gels better than hard tablets or dry capsules?

A Their nutrients are released **fast** for optimum results.
