Manufactured By:
Botanical Laboratories, LLC
Ferndale, WA 98248
800-232-4005
171388-609F

Directions: Shake well.

Adults and children over the age of 9, take 1 measuring tablespoon (1/2 oz) twice daily with meals. Do not exceed recommended daily serving.

May be taken directly or mixed in water or fruit juice. Wash dosage cup after each use. Product may be stored at room temperature or refrigerated. Best if used within 3 months after opening.

Wellesse Calcium & Vitamin D3 is made with natural ingredients that can change color or may naturally settle over time. Product quality, potency and purity are not affected.

Tamper Evident: Do not use if the seal is broken or missing, or if the inner seal is not intact.

Caution: Pregnant or lactating women and people with known medical conditions and/or taking medications should consult with a healthcare practitioner before taking dietary supplements.

Warning: Keep out of the reach of children.

Track your health daily! After washing, place the dosage cup over the cap. Each day, match the letter of the week on the Cup to the **DIAL a DAY** line shown on the label above.

The WELLESSE® Promise

Wellesse nourishes active bodies with its fast-absorbing, great tasting liquid supplements. For over 20 years, we've been committed to producing a premium line of liquid nutritional supplements that make it easier for you to stay active at every stage of life.

WELLESSE Calcium & Vitamin D3 combines essential levels of elemental Calcium and Vitamin D3, with Magnesium and Boron to help maximize absorption.† 1 oz of this fast absorbing, great tasting liquid provides more calcium than 3 glasses of milk.†

Calcium is essential for building and maintaining strong bones and teeth at every age and stage of life.†

Vitamin D3 is added at 1000 IU to ensure your body is able to optimize calcium absorption.† Vitamin D3 also helps to proactively support a healthy immune system by aiding in the body's natural defenses.†

Magnesium & Boron in combination with Vitamin D3 helps build and maximize bone strength.†

Adequate Calcium & Vitamin D3 throughout life, as part of a well-balanced diet, may reduce the risk of osteoporosis.†

Research has shown that nutrients from liquid sources can be more easily absorbed than from pills or tablets.
