Directions: *Shake well.*

Adults take 1 measured tablespoon (15 mL) daily or as directed by your physician. May be taken directly or mixed in water or juice. **Do not exceed recommended daily serving.** To optimize iron absorption, take this product at least 2 hours before or after taking Calcium or dairy products.

Tightly secure child resistant cap after each use.

Store product upright at room temperature, or refrigerate after opening for added freshness.

Caution: Iron supplements may interact with certain medications. If you are taking prescription medications, or are pregnant or nursing, consult your healthcare provider before taking this product.

Warning: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6.

Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.

The WELLESSE® Promise

Wellesse nourishes active bodies with its fast-absorbing, great tasting liquid supplements. For over 20 years, we've been committed to producing a premium line of liquid nutritional supplements that make it easier for you to stay active at every stage of life.

WELLESSE Liquid Iron provides 100% of your daily value of Iron in just 1 measured tablespoon, once a day in a great tasting, naturally sugar free liquid supplement. It is not always easy to eat an iron-rich diet every day. Wellesse helps to optimize the iron levels needed to restore your body's energy reserves and reduce signs of fatigue.†

Iron is a mineral required by the body that is vital for red blood cell formation. Increasing stored iron levels allows hemoglobin to be more efficient, boosting energy and immunity. Energy increases when the red blood cells are able to carry enough oxygen to the body.

Research has shown that nutrients from liquid sources can be more easily absorbed than from pills or tablets.
